

### Exclusive Logistics Management

The AFM uses Exclusive Logistics Management to move freight into the AFM and up to the offices prior to Exhibitor move-in days. Exhibitors may consign shipments to any shipper or forwarding agent, but all such shipments must be delivered directly to the ELM warehouse.

Materials shipped in advance must be delivered to ELM warehouse facility in Los Angeles. All materials received at the facility **by Monday, November 3rd** will be delivered to Exhibitors' offices prior to check in. Material received after that date will be delivered as soon as possible however no commitment will be made concerning delivery date and time.

ELM delivers materials to AFM offices, Storage for oversized crates is available upon request. Please reach out to us to discuss. Drayage rate (in US dollars) is a round-trip trip rate. Rates below include the load in and delivery to your room. Please contact us if you need a pick up and return. Shipments can be sent Fed Ex or DHL back to you with your return account number.

COST: \$249.00 per CWT (per 100lbs)

Exhibitors or their shippers should use the attached shipping label so ELM can easily identify the exhibitor and the location that the material gets delivered to. Shipping address for ELM is listed below:

**ELM**  
235 S. Glasgow Ave  
Inglewood, CA 90301
